

Medical Faculty UoC

Clinical Elective Programme (non partner Universities)

The Medical Faculty of the University of Crete accepts a limited number of clinical elective students (**10 every year**) from all over the world to attend clinical clerkships, with most of the Heraklion University Hospital Departments offering a well organised clinical programme in English.

Due to the large number of exchange students, a training period of **eight (8) weeks maximum** can be arranged. An early application is highly appreciated. Selection is based on academic criteria (CV, subjects taken and grades received) and seniority.

List of Requirements for International Medical Students

- 1. Application Form (provided by contact persons)**
- 2. Letter of Good Standing**
- 3. Recent Transcript of Records**

(Please provide a ToR from your home institution:

- to show that you have **successfully undertaken** the equivalent courses of the clinical clerkship you wish to be trained at and
- that you are at your **senior year 5th or 6th year of study**)

- 4. Certification of C1 level of knowledge of English (for applicants from non English speaking countries)**
- 5. Medical Insurance**

Application deadlines

Winter semester (starting beginning of October): **June 15**

Spring semester (starting mid February): **November 15**
