Maria Papadopoulou is an Assistant Professor of Digital Humanities and Classical Philology. She is also the Project Manager and Research Group Leader of the project *[TALOS-Artificial Intelligence for Humanities and Social Sciences](#)*. She holds a PhD in Classics from the University of Athens. She is visiting professor at both the Department of Computer Science at Liaocheng University in China (2017 -) and the Department of Foreign Languages at Nanjing University of Aeronautics and Astronautics (NUAA) (2023 -). In addition, she is an active member of the Knowledge Engineering and Terminology Research Centre (KETRC), Liaocheng University (China). Her research and teaching activities in China include initiatives for the digitalization of the ancient Greek and Chinese cultural heritage. Her main research interests are: Classics (especially Hellenistic literature), digital skills for humanists, knowledge representation, Semantic Web technologies, terminology and lexicography.
